

PROPOSED METHOD OF REPAYMENT FOR DESCENDANTS IN NON COMPLIANCE WITH THE TRIBAL EDUCATION PROGRAM

In accordance with Tribal Education Program (TEP) policy, if a student fails his/her coursework, withdraws from coursework and/or does not successfully complete course work, he/she is required to reimburse the Tule River Tribe any and all funds expended. Reimbursement is made through withholdings from annual per-capita distributions per Tribal Resolution #57-89. Tribal descendants who are funded through TEP are not eligible to receive annual per-capita distributions. Therefore, all Tule River direct descendants must have a Tule River Tribal member, referred to as sponsor; accept responsibility to reimburse the tribe should the direct descendant student become non-compliant with TEP.

I, _____, a member of the Tule River Tribe, hereby agree to accept monetary responsibility for _____, a direct descendant for the Tule River Tribe with regards to his/her TEP grant for the _____ academic year. By signing below, I understand that the Tule River Tribal Council will withhold, from my annual per-capita distributions, any and all monies owed the tribe should _____ violate TEP policy and become non-compliant with TEP. I have received a copy of TEP policy and understand its contents.
